

Section 5.6. Logarithmic and Exponential Equation

Note. In this section we, as the title of the section suggests, solve logarithmic equations and exponential equations.

Note. We solve these equations based on the equalities established in the previous section. We illustrate the techniques with numerous examples.

Examples. Page 311 numbers 10, 18, 40, and 44, Page 312 numbers 60 and 96, and Page 313 number 106.
